SentencingStats.com Named a Semi-Finalist in the 2026 Pepperdine Most Fundable Companies Competition

NEWPORT BEACH, CA – July 8, 2026 – We are thrilled to announce that SentencingStats.com has been named a Semi-Finalist in the 2026 Pepperdine Most Fundable Companies® competition! Out of over 2,100 participating companies nationwide, SentencingStats.com has advanced to the top 100, demonstrating our strong potential and commitment to bringing data-driven transparency to the federal criminal justice system.

The Pepperdine Most Fundable Companies competition is a prestigious annual event that identifies and promotes promising startups. The competition is designed to help early-stage U.S. companies secure private capital by providing invaluable feedback and recognition. It is an honor to be part of this elite group, and we are excited about the opportunities that lie ahead.

As a Semi-Finalist, SentencingStats.com will be featured on Pepperdine's website and in their investor outreach this fall. Finalists will be announced by August 6, and the top companies will be officially named on the Most Fundable Companies List at the showcase event on September 23. One list winner will be also chosen to advance to the Startup World Cup Grand Finale to compete for a \$1 million investment prize.

We are grateful for this recognition and look forward to continuing our journey toward becoming the leading AI-driven analytics platform in the legal and justice industry.

About Pepperdine Most Fundable Companies The Pepperdine Most Fundable Companies competition aims to bridge the gap for startup companies seeking private capital. By providing objective feedback and recognizing top startups, the program helps companies across all industries become more attractive to investors and secure the funding they need to succeed. For more information about the competition, visit the Pepperdine Most Fundable Companies website.

About SentencingStats.com SentencingStats.com, Inc. is the premier AI-driven federal sentencing analytics platform used by attorneys, Federal Defenders, judges, policymakers, and journalists for sentencing forecasting and judicial pattern analysis. The system analyzes over 1.6 million federal sentences to deliver dynamic tools including the Federal Judge Sentencing Analyzer, Sentence Intelligence Report, BOP Facility Capacity Explorer and more.
